

Enterprise-Level Payroll Software

US Payroll software that Grows with you

Full US payroll software with Full International payroll capabilities.

Humanic Payroll

Timely.
Accurate.
Compliant. Every time.

Humanic Payroll Software

(Full US Payroll software that will scale alongside your company)

Enterprise-level Payroll Software

Humanic payroll software is built to reduce tedious admin work while ensuring accuracy, maintaining compliancy, and streamlining the reporting process.

Our software has all the bells and whistles you'd expect in a robust payroll system, along with features and functionality enabling Humanic to grow and adapt alongside your business.

Payroll Features

- Tax management
- Easy Reporting
- Quick Data Entry
- Continuous Calculations
- Automated Gross-up Calculations
- Employee Self Service (ESS)
- Access all your payroll information in one place

Global Payroll Software

(Software that actually does what you need it to)

Specialized Global Payroll Automation Built into the System

Our payroll software is not a basic system with added features that allow for check-box international payroll processing – no, our Enterprise-level Payroll Software is built upon international foundations specifically for management of Global payroll.

Expatriate Compliance Features

- Shadow Payroll
- Automated Foreign Tax Credit Calculations
- Automated Tax Equalization

Global Confidence

- Manage Multicurrency
- Global Employee Self Service (ESS)
- Oversee your company worldwide all in one place

Expatriate Software Features to ease International headaches

Exclusive Expatriate-Specific Features

Manage your expatriate payroll processing and reporting with automation and calculations.

Shadow Payroll

Simplify your expatriate compensation breakdowns in the system.

Section 911 Withholding

Manage withholding calculations of Federal and State withholding based on section 911 stacking rules.

Automated Tax Equalization

Regular automation of your annual equalization calculations and year-end true ups.

Section 911 Withholding

Manage withholding calculations of Federal and State withholding based on section 911 stacking rules.

Automated Foreign Tax Credit Calculation

Reduction of Foreign Tax paid from US Tax withholding calculations.
