

Streamline.
Automate. Protect
Your Accounts
Payable

EFFICIENCY

WHILE PROTECTING YOUR ACCOUNTS PAYABLE

TRAILD helps streamline and automate your account payable process, while our AI risk algorithm patrols the payment workflow to provide **end-to-end protection** against invoice fraud, business email compromise, malicious insiders and cyber threats.

Automated Data Extraction

TRAILD automates the invoice entry process, freeing up to 85% of employee time to focus on other core tasks

Simple, Intuitive Workflow

Systematic 3 way matching to POs and PO receipts, with the exceptions managed through a simple and intuitive approval workflow

Protect your payments

TRAILD's AI Driven supplier verification and risk management tools help flag the highest risk invoices for review and protect your payments from fraud and error

Integrated with  **Acumatica**
